I totally happened.  
My powers are  
much stronger!

Marlee...

Bee! I'm so glad  
you're ok! We  
were so scared!

Missed you, bud.  
What's with the eyes?

Oh they're like that  
now when I'm powered up.  
Side effect of symbiote.

I wonder how  
earth's doing.

Can't reach  
them...

Huh.

Even with the  
alien suit.

Strange...

# THE XTREME

END OF DAYS

IN THE SOMEWHAT DISTANT FUTURE...

HUMANS ARE FIGHTING FOR THEIR LIVES  
FROM THE KRING AND THE INFECTED MUTANTS.

We're at  
the edge...

Please, no...

The rain has let up. Stand guard. I can sense them coming through the air.

Hey Jade!

Heard you could use some help!

May I borrow some of your power, sugah?

Of course.

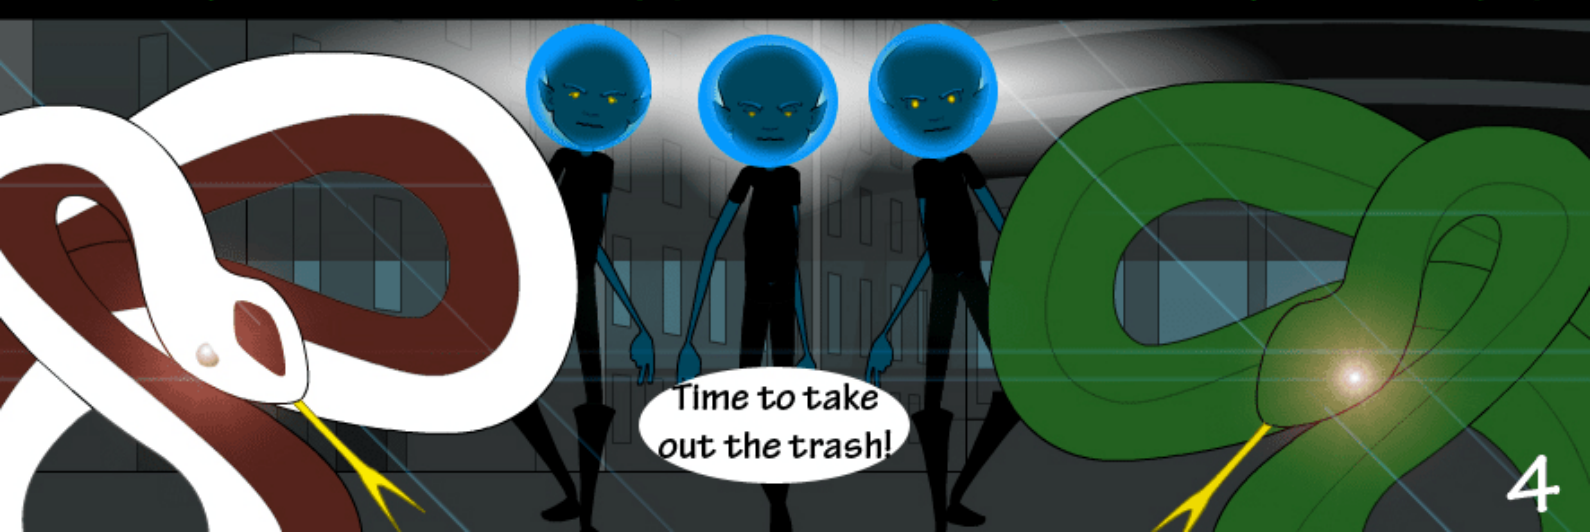

My friend Mara has been blocking me from the aliens. Stand close and you should be blocked as well!

Hmph! Nothing's happenin'

You sure about that?

Time to take out the trash!

ELSEWHERE

You're not touchin' these humans...  
Back away...

...or I'll do it for you!

Ah!

Thank you.

Don't thank me yet, cherie. He's a teleporter, and...

Oh my...

Ugh!

No!

CRACK

Aaaah!

Oof!

I don't need an alien suit thingy. No thanks...

It will help your breathing...

You know I don't require oxygen.

\*Chuckles\*

Good choice.

Mmm hmm

Oh, what the hell. Maybe it will make me fly faster...

Definitely. Is it safe to go skinny dipping in this?

AN HOUR LATER

Love the new suits.

We're headed to a planet called Kora. It's where my Uncle, leader of "The Kring," is based at. If he's there, then we have to put an end to this madness.

BACK ON EARTH

Oh no..

ELSWHERE

What's that noise?

Sounds like a dump truck.

Uh oh...

I know what it is...

What?

It's a M.T.D.

...a Mutant Tracking Droid.

Oh...

We're so screwed!
